### *Large-flowering Type*

## Le Roy Zang

This will prove a valuable addition to the yellow varieties for Thanksgiving. A nice yellow of good substance, making large incurved blooms. This is a selection out of Yellow Gladys Pearson, but entirely different than the other disseminated sports. Very much admired when exhibited at the recent National Mum Show at Detroit.

\$12.00 per 100; \$100.00 per 1000.

## Yellow Ambassador

(Originator's Description).

A Bonnaffon yellow sport of Ambassador, identical in every respect except color, giving to the trade a first quality early yellow for the first time. It succeeds perfectly under black cloth for early blooming, giving four to six weeks additional cutting period. It has been thoroughly tested for three seasons.

\$12.00 per 100; \$100.00 per 1000.

# NEW POMPONS

## *for 1936*

---

**GLOW.** A glowing orange, of fine quality, individual flower about 2 in. across, perfect rounded form. Fine keeping qualities. Growth wiry and erect. Ready to cut Thanksgiving and can be grown cool for mid-December. Awarded two Silver Medals at Chrysanthemum Society Convention and Show at Detroit, November, 1935, for most distinct and meritorious novelty seedlings.

\$15.00 per 100, \$135.00 per 1000

**BUTTERCUP.** Excellent buttercup yellow for late December cutting. Large flowers of good form and good sprays. Fine keeping qualities like November Bronze and Bristolite. A profitable market variety, ships well. Matures Dec. 5th.

\$15.00 per 100, \$135.00 per 1000

**FEZ.** Chestnut crimson, small flowers 1½ in. across of good form and arrangement. Sturdy growth, well branched sprays. An excellent variety blooming Nov. 10th.

\$12.00 per 100, \$100.00 per 1000

**ESPY'S LATE PINK.** Color like Briarcliff Rose. A fine Anemone for blooming from Dec. 10th to Jan. 10th. Planted in July and grown 6 blooms to the plant, spaced 8x10, it will produce flowers 5 in. across. Strong stems, fine foliage, good growing habits. Select crown bud about Oct. 1st.

\$12.00 per 100, \$100.00 per 1000

**IZOLA.** Anemones for Pot Plants in Red, White, Pink and Yellow. See page 16

**YELLOW BLANCHE.** Yellow sport from Anemone Blanche and same in every respect except color. A worthwhile variety.

\$12.00 per 100, \$100.00 per 1000

**RED ROLINDA.** A red Anemone—identical with The Titan. In other respects, it is like Rolinda from which this variety sported. The merits of variety, Rolinda, are well known and this break in color should make a decided contribution.

\$12.00 per 100, \$100.00 per 1000

**YELLOW ROLINDA.** A sport from Anemone Rolinda and like it in every respect except color, which is a deep golden yellow either disbudded or in sprays.

\$12.00 per 100, \$100.00 per 1000

**BEUNETTA.** A large Button Pompon flowering in late November. It produces rigid, well flowered sprays of many bronze flowers tipped with gold. It is desirable because it is different from any other variety which comes into bloom at this time. Sturdy grower and good producer.

\$15.00 per 100, \$135.00 per 1000

**TAGOYA.** Brilliant goya red with rose sheen being an attractive combination. Sturdy, but somewhat dwarf grower making it suitable for pot plants. Very productive and does not require disbudding. Awarded C. S. A. medal for best undisseeded single and admired by all. Matures Nov. 1st-5th.

\$15.00 per 100, \$135.00 per 1000

**ORCHID BEAUTY.** Intense orchid colored Anemone with light golden cushion. Fine spray formation requiring no disbudding. Matures Nov. 15th. Awarded C. S. A. medal.

\$15.00 per 100, \$135.00 per 1000

**TOM PEARSON.** Intense deep gold. A fine spray Pompon of good substance and very productive. Blooms Nov. 10th.

\$15.00 per 100, \$135.00 per 1000

## GENERAL COLLECTION

A letter before each variety indicates, for quick reference, the season of flowering—early, late, etc. The date after each variety is approximate date of flowering.

E—Early. To get best flowers it is important to order early and plant early in May or June for best results. If buds are not formed on dates shown, reserve the first bud appearing after that date.

M—Midseason. When seasons are favorable, some of these will bloom a few days before November 1st.

L—Late. Late flowering varieties usually have best blooms about November 10th, if early buds are taken and the season is favorable. These varieties may be had for later blooming by selecting the later buds and planting later.

T—Thanksgiving varieties usually flower shortly before Thanksgiving, but can be held, in most cases for Thanksgiving sales.

"C. S. A. Certificate" is the award of the "Chrysanthemum Society of America."

For additional varieties of **Exhibition Type**, see pages 8-9.

## *Anemone Types*

This type consists of one or more rows of flat or tubular ray florets with shorter quilled disk florets. They may be grown either disbudded or in sprays according to which they are best adapted. This type of Mum is becoming more popular each year.

Pinch when small, allowing 4 to 6 growths to continue until buds are formed, then plants are disbudded to one flower to the growth.

PP—Indicates varieties which are also desirable for growing as Pot Plants.

See also group of Pot Plant varieties, pages 16 and 17.

## Large-flowering Varieties FOR POT-CULTURE

These varieties are adapted for Pot culture. To keep plants dwarf, it is essential that they be pinched many times during the growing season until a few weeks before bud formation. It is not possible to give the exact date for pinching, but the flowering period should be the guide.

# *Hardy Early-flowering 'Mums*

## FOR OUTDOOR GROWING

Commercial florists and the public are going in for these Hardy Pompons on a larger and increasing scale each year. We have listed a most complete collection of varieties to cover the entire outdoor blooming period until frost cuts down the blooms.

We have given approximate flowering dates as a guide for those who wish to group their plantings. Many varieties are desirable for rock gardens. Plants can be dug and replanted in window boxes, vases or other parts of the garden. Some varieties are desirable for culture under glass.

See separate list under **KOREAN HYBRIDS**, page 19, which are a new race of Hardy Outdoor Mums.

## *Novelty—Odd Formed and Various Types of Chrysanthemums*

These odd formed Mums are feathery and threadlike varieties very much admired at the Flower Shows and Exhibitions.

	Blooms
<b>Patricia Grace</b> —Pale pink, medium height.	Nov. 10
<b>Peggy Ann Hoover</b> —Lavender.	Nov. 10
<b>Pride of Tokyo</b> —Creamy pink with odd tubular petals. Tall grower.	Nov. 10
<b>Rayonante</b> —Pale rose pink.	Nov. 10

All of the above, \$1.75 doz.; \$10.00 per 100.

## *Chrysanthemum Varieties Not Really Commercial Type But of Interest to the Student*

**Arcticum**—Single, pure white, 2½ inches high. Hardy and good for rock gardens.

**Coreanum**—Single flower of blush white. Hardy.

**Indicum**—Single yellow flowers of many lateral growths.

**Morifolium**—Flowers single flesh pink color. Blooms about Sept. 25th. Grows 3 feet in height.

**Mawii**—This comes from the mountains of Northern Africa. Low grower, about 8 inches in height with fine cut leaves. Pink flower with a deeper center. Fine for rock gardens.

All of the above, \$1.75 doz.; \$10.00 per 100.

## *Japanese Mountain or Cascade Varieties*

Small single varieties of fairly dwarf growth. These are free flowering with soft or pliable stems, which may be bent or shaped into various forms to be used for trellises or on tables by training. They may be tied in all shapes.

**Brown Button**—A dark bronze color. Matures about Nov. 10. Blooms about 1 inch in diameter.

**Shooting Star**—A nice Anemone flower about 1¼ inches in diameter. Star-shaped yellow flower with center like a low anemone cushion. Matures Nov. 10.

<b>Balcony Bronze</b>	<b>Balcony Pink</b>	<b>Balcony Red</b>
<b>Balcony White</b>	<b>Balcony Yellow</b>	

All of the above \$1.25 doz.; \$6.00 per 100;

# GENERAL INFORMATION

**PRICES:** Prices are for rooted cuttings, which we believe to be more satisfactory than potted plants. Prices are subject to change without notice, also subject to crop failure.

---

**ORDER EARLY:** It is to your advantage to let us know as early as possible what you will want. Help us to help you by ordering early.

---

**OUR SERVICE:** We want to supply you the best varieties suitable for your business. Consult us. We will give you expert advice so far as we can. The information in this list regarding the date of taking bud, height of bloom and flowering dates and descriptions will be helpful to you. **SAVE THIS LIST FOR REFERENCE.**

---

**OUR RESPONSIBILITY:** We accept orders contingent upon our ability to have produced for us sufficient stock to meet the demands. All orders are filled in strict rotation. Orders will be filled as near the date desired by customers as it is possible to do so, bearing in mind that weather conditions and many other elements sometimes delay the growth of stock beyond human control. All orders are booked subject to crop shortages and crop failures. We agree to supply good stock, well rooted, packed in the proper manner and to deliver to the express company or post office (whichever customer designates), after which the plants travel at buyer's risk.

---

**CLAIMS FOR DAMAGE:** All claims for damage must be made against the carrier by the buyer. We have no control over transportation agencies, and cannot be responsible for stock frozen, heated or injured by delays or rough handling. According to law, the transportation companies are the agents of the buyer and our responsibility ceases when we deliver stock in good condition to such agencies.

---

**NON-WARRANTY:** We do not warrant in any way, expressed or implied, the contents or the description, purity, productiveness or any other matter of any seeds, bulbs or plants sold by us, and we will not be in any way responsible for the crop. If the purchaser does not accept these goods on above terms, no sale is made thereof, and he must return them at once and money will be refunded. Subject to the above conditions, we make this sale at the moderate prices at which we sell our goods. All claims must be made in writing within five days after the receipt of goods.
